These WD12s have good filaments but have not been tested. If they work satisfactorily, you got a heck of a buy. (Most dealers are asking \$100 to \$135 for these). If not, we'll refund upon return. Your only risk is a little postage.

\*\* Have a number of 1920s tubes, 24, 26, 27 41, 42, etc. that work OK but are too weak to sell as advertised. \$1 each will buy them.. Inquire.
